

Senior Public Protection Officer

£29,174 - £32,798

Blackburn with Darwen Borough Council is a busy unitary authority in east Lancashire. Blackburn and Darwen are vibrant towns surrounded by beautiful countryside and within easy reach of Manchester, Leeds, Liverpool and Preston, the Yorkshire Dales and the Lake District.

The Council has been a unitary authority for over 20 years and has a multi-disciplinary Public Protection and Environmental Health Service, which is known

for its can-do attitude and problem-solving approach to enforcement.

We have a rare and exciting opportunity for a highly organised and enthusiastic Senior Public Protection Officer to join our friendly and supportive Consumer Protection Team.

The Team deals with all aspects of trading standards work, so it's safe to say there's never a dull day! During the Covid-19 pandemic, the Service was also been heavily involved with Covid-Secure enforcement and track and trace work, so this may also form part of the job from time to time.

If you have extensive experience in trading standards enforcement and are looking for a move to a friendly unitary, why not get in touch? For an informal chat, please call Gary Johnston on 01254 585585, or to apply visit www.blackburn.gov.uk/jobs
