

Public Protection Officer Trading Standards

Salary: G10 £34,373 - £37,568

Are you a Trading Standards professional looking for a new opportunity to broaden your experience?

The Trading Standards Service at Wrexham has seen a significant restructure in recent months with the appointment of a new Team Leader and two Trainees. We are now looking for another qualified officer to complete the team and contribute at the sharp end on doorstep crime, scams, product safety, fair trading, illicit tobacco and underage-sales. You may be recently qualified or you may have several years post-qualification experience but you will most definitely be a self-motivated, enthusiastic, “can-do” team player keen to support the development of your colleagues as well as yourself so that the service can deliver the best possible for the residents and businesses of the County Borough.

You will be qualified to DCATS/DTS level or equivalent and you may or may not be Weights and Measures qualified. We want you to take the lead on investigations, complaints and project work where you will be supported by your colleagues and, in turn, you will support your colleagues with their workloads.

We set our priorities and workloads according to IOM principles and over the years have been improving compliance with a steady stream of successful results using all the enforcement tools at our disposal including prosecution and injunctive action.

We are about to move into newly refurbished offices and we operate a flexible working culture. The City of Wrexham is at the heart of the North East Wales economy, close to the border with England with excellent access to the stunning scenery of North Wales and the big cities of North West England. A relocation package is on offer to the successful candidate if a move is required in order to take up the post.
