Dear 

We write to you today regarding an investment placed into a company currently under investigation. As you are already aware, we have formerly identified and verified you as the sole beneficiary of an unregulated investment you have purchased.

We have attempted to contact you recently to request a return of your proof of creditors debt form, however we have not been able to get in touch with you. Any unallocated claims held solely in the proprietor's name will be forfeited if a representation claim is not made within the next 10 working days. As we move to the final stages of the winding up process, we advise all clients to lodge a claim via our advisory service prior to the completion of the liquidation process.

If you have been receiving numerous phone calls from third party agents offering their services to help assist in trading your asset out of the market or managing the asset on your behalf. We would ask you to be very careful and take additional care when choosing a company to work with to ensure you are dealing with a credible and reliable company based in the UK.

As our attempts to reach you have been to no avail, may we ask that you contact us immediately on **0800 098 2620** and lodge a claim to enable us to assist you in the recuperation of your funds.

Yours sincerely,

D. Baker

Mr. Dylan Baker
Senior Investigating Officer
