

Competency Exemptions

CTSI recognise that individuals may have completed previous historic qualifications with CTSI which could have included elements of their professional competencies.

CTSI has received the current requirements of the professional competencies and has mapped previous qualifications against these training materials, distance learning materials and assessment requirement outcomes.

This has been agreed that if a person wants to achieve the professional competency qualifications and already holds:

- DCATS with specialised subject
- A certificate of competency in specialised subject

Or

- DCA paper in specialised subject

To achieve the qualification, you will:

- Have access to the online learning materials
- Complete the allocated assessments
- Complete the case study
- Complete the five-day contact training with the trainer
