

# Product Safety Regulatory Advisor Contractor

Location: Remote

Salary: Competitive

Job term: Contractor

What we offer you:

- Home based role
- Day rate

We are looking for an experienced product safety contractor (non-food) to work as a Product Information Advisor to check and approve specifications and artworks for major UK retailers, for some new and exciting projects. You must have a keen eye for detail and a good understanding of legal labelling requirements and retailer policy requirements. We are especially looking for advisors with experience and knowledge in Cosmetics, Detergents, GPSR and CLP.

Requirements:

- Competent to do the following:
  - Specification/pack copy review
  - Artwork review
  - Formulation review
  - Regulatory Adaptations
- In-depth technical and regulatory knowledge in product safety, including codes of practice, policies and guidance
- Practical experience of using specification or artwork systems and packages
- Minimum 3 years of experience of working in a technical or regulatory role within industry or in a related field
- Consistently works at expected work rate and to a high level of accuracy
- Confident to apply requirements to product information and explain decisions to clients
- Fluency in English with excellent oral and written communication
