L6 Trading Standards Professional Apprenticeship (L6 TSP) Transition Information

This guidance is for L6 TSP apprentices wishing to transition into the Qualifications Framework (QF), alongside completing their Level 6 apprenticeship.

Apprentices will need to have completed all workshops and coursework before being eligible to transition into the framework. The CSA will provide apprentices with confirmation of their workshop completions via email. This confirmation will be required as part of the transition registration process.

Apprentices wishing to use their Food, Feed or Weights and Measures option for transition, can register using the subject transition booking options 3, 4 or 5.
