

# REGIONAL TECHNICAL MANAGER - TRADING STANDARDS

## About The Role

We've got an exciting opportunity to join Morrisons as a Regional Technical Manager of Trading Standards, on a full time permanent basis.

As part of this role, you will be supporting stores within your region to uphold all elements of compliance with trading standards and consumer protection legislation. Your region will align to that of a Retail Operations Director (OD) and you'll be providing support to the senior management teams across up to 140 stores.

In this role you will;

- Act as the main technical point of contact for your stores on trading standards issues.
- Drive store compliance standards by developing an effective partnership with your aligned Director, Regional Managers and senior store management.

- Engage and build strong working relationships with Trading Standards, Police, Licensing Authorities and other regulators.
- Coordinate reactive activity where serious legality concerns have been raised.
- Work closely with stores to improve standards, including application of the 'stores at risk' process.

## About You

To be successful in this role you'll need to have a proven track record in your ability to engage and influence senior leaders, alongside the ability to coach others. You will have in-depth knowledge and understanding of retail and associated trading standards compliance controls.

You will also have in-depth knowledge and understanding of Trading Standards legislation and experience of successful engagement with enforcing bodies.

You will have the ability to identify risk, prioritise and follow through to completion.

## About The Company

We're passionate about providing quality, value and freshness from farm to fork.

Putting our customers and colleagues first, our teams champion safety, quality, legality and integrity across every aspect of our business. We keep a close eye on everything to provide products and services our customers, stakeholders and communities can trust.

Caring about our customers and colleagues, we build our brand and put new ideas into action on Market Street. We audit stores and manage any incidents. We consult with government and agencies on new developments. We keep everyone safe and make sure everything is legal and top-notch quality from our logistics and manufacturing sites to our stores, suppliers and own-brand products.
