

September Cycle coursework deadlines

Delegates that deferred into the September 2021 exam cycle have until 1 August to submit coursework and potentially receive feedback. If coursework is not quite sufficient, the examiner will give a short feedback guidance and allow the delegate an opportunity to update their work. Delegates will then have 2 weeks from when they have been sent their feedback, to update and resubmit their coursework.

The final deadline for coursework submissions is 1 September. If delegates do not submit by this deadline it will be deemed a fail and will need to register to resit under the next exam cycle and complete the new coursework subject for that cycle.
