Stage 2 – Instalments Payment Option

Stage 2:

As you may be aware, we offer the option of paying for Stage 2 of the CTSI Professional Competency Framework in instalments over a period of two years (the two exam cycles). For example, if you are registering for the next exam cycle, May 2021, you will then need to follow up and complete Stage 2 in May 2022.

If you book using the instalments option on the booking page your fee for the course will then be spread over a period of two years. The option you will need to select on the website is highlighted in grey below.

The booking can be made by using the following link:
https://www.tradingstandards.uk/practitioners/training-development/book-online.

Please be aware that you must raise a PO for each year of the instalments.

Stage 1:

We do not however offer an instalments option for Stage 1 of the framework as this only has a time-frame of one year so must be paid for in full for the year ahead.
