The marking guidelines above provide you with an overview of the emphasis on what is important for the submission of your piece of coursework. At the end of this document is the specific assessment criteria being applied to your submission. Ensure you have read through all areas within this document to ensure you fully understand what it is you have been asked.

For guidance, refer to weights and measure reflective statement guidance

Below indicates the specific learning outcomes and areas of the syllabus you will be assessed against as part of your submission piece.

Learning Outcomes:

Operates technical equipment	✓
Monitors and evaluates the efficiency of a process / equipment or procedure	✓
Identifies and solves problems	✓
Objective self-evaluation and reaction to appraisal, reflects on practice	✓

Unit 4 Weights and Measures reflective statement requirement:

Describe a weights and measures enforcement activity that you have undertaken. Critically evaluate your performance whilst performing these weights and measures duties; how your training and mentoring prepared you, how researching the legislative framework and acquiring necessary documentation informed your decision-making whilst performing the task. You should reflect upon what went well and why, areas for improvement; what you would do differently, and identifying any training and resource requirements utilised.

Read the **Assessment Criteria** and choose your example activity carefully. Not all examples will allow you to achieve all the marks available. There are no additional marks available outside of the marking schedule. All submissions must adhere to the **anonymity** and **word count requirements** to achieve full marks listed in the Assessment Criteria."

Assessment Criteria:

Use of attachments

Please attach any documents that are relevant to the work that you undertook and that you are reflecting upon in this Report. These will not be included in the word count of your Report the supporting document will not be recognised within the marking system.

GDPR and compliance process

You may provide supporting documents with your submission, where appropriate. For example, a prosecution report.

Submissions with supporting documentation **will only be accepted** where any information that falls within GDPR is:

- anonymised; or
- if necessary, replaced with Person A / Company A etc.

For any submission that includes information that falls within GDPR regulations, the above process must be followed. **Where an individual can be identified either directly or indirectly** from that data held this data must be anonymised. Where a submission contains information that falls within GDPR, **it will be rejected and you may be withdrawn from the examinations.**

If the information is within the public domain, this is unnecessary.

Please ensure that you do not identify, by name, businesses or individuals involved, in line with your responsibilities under data protection and trading standards legislation.
