

CPCF Training – In preparation for the May 2021 exam cycle

CPCF training taking place from September 2020 will be held online.

We are hoping revision days will be available at venues but will need to be confirmed in due course and the decision will be based on government guidelines and venue availability.

A link for the online training sessions will be sent from the training provider with joining instruction.

Bookings are to continue to be made via the [online booking](#) page
