

# REGULATORY COMPLIANCE ADVISOR (FOOD SAFETY).

**Job Location:** Welwyn Garden City, AL7 1GA

**Salary:** Competitive

## *Introduction*

A great opportunity to support the team who set food safety and trading standards policy for our stores operations and head office teams. Working across the business and with external stakeholders to ensure our teams have robust policy and systems which is well communicated and gains positive engagement at all levels.

This role is an excellent opportunity for someone looking for their second role in food safety, regulatory affairs or trading standards or other similar experience gained in retail, hospitality or manufacturing.

This role is an excellent opportunity for a newly qualified graduate, with some practical experience looking to continue to grow their skills and knowledge with a new experience.

This role offers experience in food safety, trading standards, regulatory, retail operations, and communications.

## *Main Responsibilities*

- Support the team in developing food safety policies and procedures.
- Responding to questions and requests for information on product safety via email, phone and Yammer.
- Preparing detailed reports on food hygiene ratings, audits or other product safety data for the business.
- Using data and insight to identify trends and key areas of risk.
- Develop technical policies and documents on food safety, store standards and training.
- Engage widely with all business stakeholders to gain a good understanding of retail operations and communicate effectively with these stakeholders to drive a food safety culture across the business.
- Keep up to date with legislative changes, trends and technology, emerging product risks and risk management activity.

## *The Ideal Candidate*

- Food safety experience and qualification to degree level.
- Regulatory or Trading Standards experience and qualifications.
- Environmental Health graduate with some experience.

**Closing date:** 28 February 2018
