The Chartered Trading Standards Institute introduced the CTSI Professional Competency Framework (CPCF) qualification in 2019. As part of its planned delivery, was the opportunity to reflect on the framework and to take measures to update where necessary. Part of that process was to consult with the profession, stakeholders and government departments, to ensure the structure and oversight of the framework remained suitable for the profession moving forward.

An independent review group is being set up by the Institute, that will include, members and stakeholders lead by a suitably qualified Chair and Independent consultant with an education background.

The Consultant role is responsible for the more detailed delivery of the review group. Providing expertise from their educational background and advising the wider group during the review of the feedback from the consultation and advising the Chair. The Consultant must have relevant experience and a background in education and delivery.
