

# Our COVID-19 precautions

## Event Entry

You will need to pre-register before you arrive at the event. We will not be offering self service terminals, our staff will process badges for you to reduce touchpoints.

## COVID Symptoms?

If you are showing any symptoms, have tested positive or have been in close contact with anyone that has within 10 days of the event, please remain at home.

## Masks

We will support mask wearing if you are able to do so. There will be masks available should you require one.

## Contact tracing

All visitors will be encouraged to use the NHS Test and Trace service. We will also coordinate with NHS Test and Trace service as required.

## No touching

We request that all attendees respect our policy of no physical contact with one another at the event.

## Hand cleaning

We recommend that you wash your hands regularly and thoroughly. There will be plenty of hand disinfectant stations available throughout the event and the venue.

## Spacing and seating

Plenty of space will be available in the venue and in the seminar rooms.

## *RISE TO THE CHALLENGE*

### **Food and beverage**

We will be working with the venue to revise how food and beverage services will be provided to minimise exposure and risk

### **Cleaning**

Ongoing cleaning will be taking place throughout the event. Exhibitors will be encouraged to minimise touch points on their stand and regularly wipe down surfaces.

### **The venue**

The venue has a fresh air A/C system. All venue staff will wear masks. We are working closely with the venue to ensure safety measures are implemented across the site in line with Government and industry guidelines.

**These points are under constant review. Please check back to see the latest guidance.**
