# 2021 CTSI SYMPOSIUM

## TS Apprenticeships

**Date: Thursday 30 September 2021, 11:20**

### Apprenticeships and Trading Standards

Speakers: Phil Owen

The session will take place on the morning of Thursday 30 September of the Symposium. The objective is to highlight the role Apprenticeships have and will have on the future workforce of the Trading Standards (TS) profession. It will detail what Apprenticeships are available now for Trading Standards recruitment and future opportunities.

- Find out about how the Regulatory Compliance Officer (RCO) Apprenticeship is being used to recruit new TS professionals;
- Here first hand from Apprentices who have recent experience;
- Find out about the future opportunities for TS with the Proposed Trading Standards Practitioner (TSP) Apprenticeship.
- Talk to the organisations involved in delivering Apprenticeships.

### Learning outcomes:

- How does the RCO work with the current CTSI qualifications framework?
- This session will focus on the recent experience from Apprentices and training provider.
- Up to date information about the proposed TSP apprenticeship scheme.
- Attendees will then have the opportunity to speak with the training providers and other organisations delivering apprenticeships.
