# 2021 CTSI SYMPOSIUM

## Chorus Intelligence

**Date: Tuesday 28 September 2021, 16:10**

## Managing Intelligence and Disclosure in Digital Investigations

Speakers: Ben Peter and Jack Hancock

This session will give examples of how data, intelligence, and evidence can be professionally managed through the complete investigation cycle. From collecting data from numerous sources, through to interrogating it and producing shareable intelligence and evidence, all while ensuring the disclosure process is done properly and promptly.

### Learning outcomes:

TBC
