Safety & Standards

# Trading Standards Co-ordination for Legal Metrology and Product Safety

November 2018

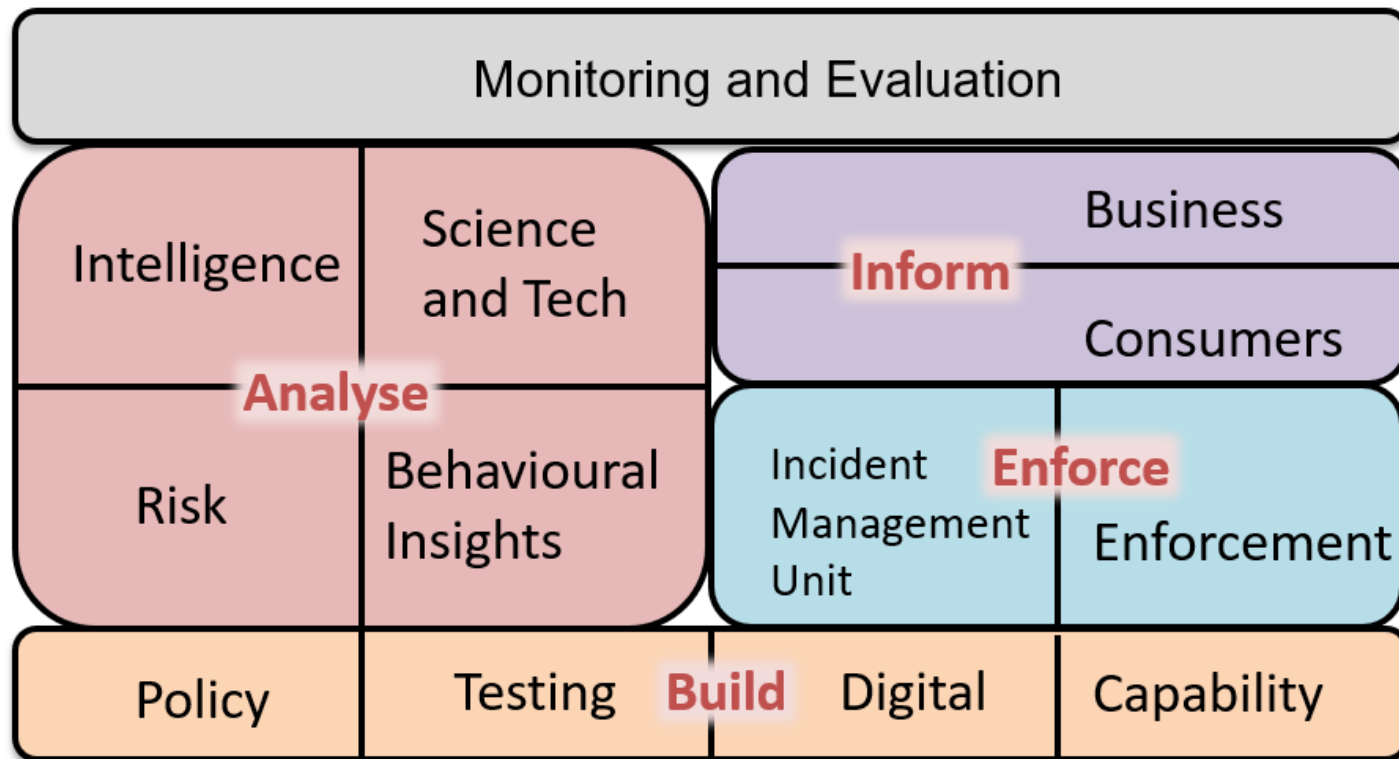

***Making Regulation Work***

# Our Approach

How we work:

- **Protection:** delivering improved protection, prioritising the most vulnerable
- **Partnership:** working with organisations across the landscape to build a more resilient system
- **Practical:** creating and using tools that work in practice to make real world impact

# National Capacity

# Trading Standards Support

- ❑ Local authority queries – access to expertise
- ❑ .gov.uk guidance for businesses and local authorities
- ❑ Market surveillance support e.g. access to testing
- ❑ Notified bodies – the local authority tour
- ❑ Access to British Standards

## Trading Standards Support

- ❑ Support on ‘Incidents’ including PAS7100 – Code of Practice “Supporting Better Recalls”
- ❑ Consumer campaigns
- ❑ Ports and borders
- ❑ Learning and Development with [CTSI](#)

## Discussion – support provided to local authorities

1. What works well?
2. What could we improve and how?
3. What are your learning and development needs for 2019/20?
