## Supporting learning and development for Product Safety and Legal Metrology

---

### Introduction

CTSI is pleased to announce that they are working again in partnership with the Office for Product Safety and Standards to deliver Product Safety and Legal Metrology training **to local authority practitioners**.

With the challenges of changing markets and technology, it is essential that local authority practitioners are equipped with the knowledge and skills to work effectively with business to build consumer confidence and leading approaches to compliance. A programme has been developed to deliver FREE product safety and legal metrology training to all local authorities throughout the UK.

This year's training programme will be arranged soon and details advertised on this website, once confirmed.

Places will be FREE to all local authorities.
